

POLYSERTS

POLYSERTS

Art Mould's Polyserts are the ideal fixing points in concrete, precast concrete and terrazzo for installation of Window and Door Frames, Door Jambs, Curtain Tracks, Ceiling and Wall Strapping.

Polyserts are distinctively colour coded and easily located when form work has been removed. They protect the shanks of wood and lag screws, or nails from the damaging corrosion effects of alkali. Drilling off pilot holes of the appropriate size facilitates screw entry.

Easily installed from either inside or outside of wood formwork, or pressed into position on exposed surfaces of freshly poured concrete. Any part of the fixing faces or exposed sides of Polyserts may be used without losing holding strength.

POLYSERTS

DETAILS

Colours	Green, Red, Grey
Material	Strong, flexible polyethylene
Packaging	In heavy-duty cartons for ease of transporting to and around job site
Installation	Visit www.artmould.ca

POLYSERT SIZING

PART #	COLOUR	HEIGHT (L x W x D)	PC/BOXES	BOXES/PALLET	PC/PALLET
