ART MOULD PLASTICS

SAFETY CHANNEL

CONTINUOUS REBAR PROTECTION

Art Mould's Rebar Safety Channel provides an efficient and reliable solution for protecting exposed rebar on construction sites. Measuring 4 feet in length, it is engineered to cover multiple exposed rebar ends simultaneously, helping protect workers from impalement and abrasion.

PRODUCT AT A GLANCE

- ENGINEERED PROPRIETARY DESIGN
- REINFORCED WITH STEEL INSERT
- HIGH-VISIBILITY ORANGE
- FITS 10MM – 35MM REBAR

STEEL-REINFORCED

360° PROTECTION	ANTI-TILT DESIGN	REUSABLE DESIGN
Impalement and abrasion protection	Grips protruding bar to prevent tilting	Designed for repeatable use
